

MARCH/APRIL 1995

Dear Friends,

We send you greetings from I-85 between Atlanta and Mobile! After a quick trip to see some friends, we now head back to Mobile to finish packing and say final good-byes before flying back to Greece next week. **Our furlough** has been relaxing and enjoyable. As always, we wish that we could have spent time with more of you!

**Life in Greece** will be a bit different for us when we return. When we moved to Greece in the Fall of 1990, we expected to establish a team, stay for two years, and move on. Although there is now a team established, the Lord has not yet moved us on. With that in mind, we will be planning to continue further studies of the Greek language, and we will be pulling out of the international church we've been active in for the last 4 1/2 years and we'll be joining a Greek evangelical church. We covet your prayers as we "move out of our comfort zone" and deeper into the challenge of integration.

The **HELPING HANDS** organization has begun implementation of one of its many goals--**A SOUP KITCHEN!** Once a week, we are using borrowed facilities to "give a cup of cold water" (and hot soup) in Jesus' name. In the few weeks since it began, scores have been fed and at least 25 refugees have found new life in Jesus! Please continue to pray for this fruitful outreach!

**Our Albanian brother Gregory Menga** was able to visit us in America! He was in the States for six weeks and traveled to several places, visiting friends and supporters, and sharing the exciting news of how God is working in Albania! Thanks to those whose prayers and financial support helped make this opportunity possible!

Many have asked for an update on **Kyle's laser surgeries**. He has had three successful treatments thus far. He always comes through like a trooper, smiling and flirting with the nurses. Further treatments will be required, but we praise God for the progress we've seen so far. Thank you so much for your prayers and concern.

As we look forward to returning "home" to Greece, **we ask you to pray** for our re-adjustment and the natural "low" that comes from leaving friends and family again for an extended time. Mail and visits always help us, so come on over! We love and appreciate you so much, and are humbled by your love and involvement in our lives and ministry!

In the Vine and  
In the Vineyard,

*Scott, Vicki, Kendra, Cody, & Kyle*

PRAYER REQUESTS

\* Charity Osagiede, our Nigerian brother still waits to join us from Africa. The bureaucratic nightmare is bringing one problem after another. Only God's intervention will bring Charity to our team at this point.

\* We are still waiting on God to provide a ministry building for us.

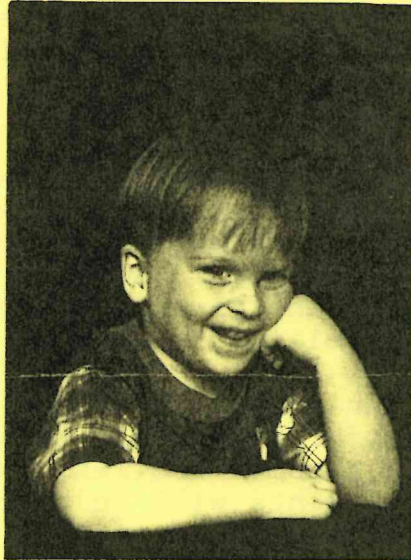

PRAISE

\* Thank God for Jennifer Roemhildt, our new and gifted teammate!

\* Praise God for the 6 new believers that came to Christ in Florida after Scott's evangelistic message. Please pray for their spiritual growth.

KENDRA - 5 1/2

CODY - 3

KYLE - 15 months
